2. Govt. Memo No.6166 C.P.II/54-1, dated 18-3-54.

--

In the Government order cited I above, the Project Executive Officers and Asst Project Officers were empowered to grant loans under the L.I.L. and A.L. Acts in Project Areas ousting the jurisdiction of Revenue Divisional Officers and Tahsildars in the matter of issuing such loans. Subsequently in Govt. Memo cited II above it was ordered that loans for other than irrigational facilities should be disbursed from out of the funds made available for the purpose from the State Funds only. Agreeably to the instructions issued in the G.Os cited above, in this Project Area, the project staff have been granting loans under the L.I.L. Act, both for purposes of improvement of irrigational facilities as well as for purposes other than improvement of irrigational facilities from the allotment made by the Collector of South Kanara and under the A.L. act from the C.P. funds sanctioned by the Government from time to time. Now the Board of Revenue has ordered that Collectors of districts may not grant allotments from State Funds for the Project staff for granting loans under the L.I.L and A.L. Acts and in pursuance thereof the Collector of South Kanara who had allotted Rs.10,000/- from State Funds has asked me that the amount already allotted for the Project staff may be surrendered for reallotment to other areas. But the allotmant made by the Collector is not available for surrender as the same has been spent almost in full. There is no provision either in the Overall Programme or in the sanctioned budget to grant loans for other than irrigation purposes from the Community Project funds. In this office Ref.C.No. 1389/54-F, dated 31-7-54 I have submitted a peport to Govt. for according sanction to utilize the amount of Rs.2,60,000/- provided in the Overall Programme for construction of dams in this project area, for granting loans to ryots under the L.I.L andA.L Acts for improvement of irrigational facilities and Government orders are awaited. Thus it may be seen that no funds are available for the project staff in this Project area for the grant of loans to ryots for the other purposes coming within the scope of these Acts which do not come under the term 'Improvement of Irrigational facilities'. In Govt. Memo cited II above it has also been ordered that if the project Executive Officer requires Community Project funds to be utilized for want of provision from State Funds he may apply to Government.

Many applications from ryots for grant of loans under the L.I.L Act for purposes other than improvement of irrigational facilities are pending in this office as well as in the offices of the Asst. Project Officers for want of allotment. There is provision of Rs.6,00,000/- in the Revised Statement for the supply of pumpsets in this Community Project area and out of this amount, Rs.1,50,000/- has been sanctioned so far. So far as supply of pumpsets is concerned, the balance under this item may be surplus to requirements and it may not affect their interests if it is curtailed and used for granting loans under L.I.L.Act for purposes other than irrigational facilities

P.T.O

Under the circumstances stated above, I request that the Govt. sanction may be accorded to utilize Rs.50,000/- for granting loans under the L.I.L Act for purposes other than improvement of irrigational facilities from out of the allotment of Rs.6,00,000/- set apart for the supply of pumpsets under Hire Purchase System. As there are petitions ripe for disposal and pending merely for want of allotment, I request urgent orders on my proposal.

Sir,

ADVANCES--Loans and Advances--Loans to ryots under the L.I.L.Act for purposes other than improvement of irrigational facilities--Allotment--Further report--Submitted.

Ref: Govt. Memo No. 2683 Pub. RDP V/54-3, dated 27--11-1954.

With reference to G.O.Ms.No.1227 Public (C.P.) Department, dated 9--5--1953 I solicited instructions in my report Ref.C.No.75/54-B, dated 17--1--1954 whether the Project Executive Officers and the Asst. Project Officers are empowered to grant loans under the L.I.L. and A.L. Acts for the improvement of irrigational facilities only or whether they are authorized to grant loans in all cases within the purview of the two Acts. In reply to this letter, it was ordered in Govt. Memo No.6166 C.P.II/54-1, dated 18--3--1954 that loans for other than irrigational facilities should be disbursed from out of the funds made available for the purpose from the State funds only. It was also ordered that the Project Executive Officer may apply to Government for grant of Community Project funds to be utilized for such loans if there was lack of provision in the State allotment. During 1953-54 a sum of Rs.10,000/- was allotted by the Collector of South Kanara for the Project Staff to grant loans under the two Acts. Another sum of Rs.10,000/- was allotted by the Collector for expenditure during 1954-55 and this amount has already been spent. Meanwhile the Collector wrote that he had received instructions from the Board to reallot the funds allotted to me under L.I.L. and A.L. Acts, to areas outside the Project that he had been told that allotments need be made to Community Project areas from State funds, so long as funds are available under Community Project budget. Since there was no specific provision in the Community Project budget for granting loans under L.I.L. & A.L.Acts, except for pumpsets, fertilisers and for putting up irrigation dams, the allotment made by the Collector had to be utilized for grant of loans underAL. & L.I.L Acts for purposes other than those mentioned above.

As orders stand at present there is no allotment for grant of loans to ryots under the L.I.L. and A.L. Acts for purposes like improvement of old tanks or wells, construction of new tanks or wells, reclamation of fields etc. the specific allotments made being confined to purchase of seeds and manure or agricultural implements and/under special rules. / pumpsets

I therefore request that an aggregate sum of Rs.50,000/- may be allotted for grant of loans to ryots under the L.I.L. and A.L. Acts for purposes other than those referred to above for which there is specific allotment, viz. construction or repairs of tanks or wells for irrigation purposes, reclamation of waste land, planting of fruit trees etc.

I request the favour of early orders.

Yours faithfully,

Project Executive Officer.
